NATURAL LUXURY FLOORING

CELESTIAL  COLLECTION
— HAND-MADE LUXURY FLOORING & RUGS —

A perfect choice for almost every location!

Introduction

Whether you need a beautiful carpet or rug for your home or business, ITC Natural Luxury Flooring matches your aspirations with a breathtaking choice, sourced from around the world.

The company has developed a range to meet specific requirements. Wonderfully elegant carpets which would grace any penthouse or luxury yacht, through to stylish, hardwearing and practical ranges for homes, offices, hotels and commercial settings.

Many of them are handmade, using soft-to-the-touch materials such as pure silk and New Zealand wool, and handcrafted by specialists from across the globe.

ITC Natural Luxury Flooring carpets and rugs are sold in 43 countries worldwide - wherever the call is for the very finest craftsmanship and style.

How it all begins

100% Prestige Wool

“Different finishing techniques gives you the ultimate hand-made customized rug”

Carving work

Hand-tufting technique

Hand-tufting

Tufting is a method in which strands of yarn are inserted onto a base and then stabilised with natural latex. This technique allows greater flexibility in the composition of each piece, as areas of the design can be defined and filled out by hand.

Our hand tufted rugs can be made with different types of yarns. Combinations of yarn types can be selected to allow you to create your own unique structure within the design. We can also produce in special colours if so required.

How to order

1. Send us your idea (sketch, mood board, computer file, etc) or choose a design from our design gallery;
2. Choose the yarn(s) from our product range;
3. Choose colours from our colour charts;
4. Choose technique (cut pile, loop pile)
5. Choose pile height (from 8 to 65 mm)
6. Choose density
7. Define finishing (carving)
8. Receive our technical drawing
9. Receive our sample for approval (if required)
10. Place your order

Yarns

The respect for the environment is the core of our philosophy when it comes to the selection of materials. This is the reason why we choose to work with natural and sustainable yarns. Selection of the best materials allows us to deliver the highest quality and durability.
